1 Nature of operations and going concern

Cleghorn Minerals Ltd., incorporated on February 16, 2010 under the Business Corporations Act of British Columbia (the "Company") is involved in the process of exploring, evaluating and promoting its mineral property and other projects. The head office of the Company is located at 152 Chemin de la Mine École, Val d'Or, Québec, Canada. The Company's registered and records office is located at #1810 - 1111 West Georgia Street, Vancouver, B.C. V6E 4M3. The Company also has exploration offices located at 2864 Chemin Sullivan, Val-D'Or, Quebec, J9P 0B9.

The Company's shares, which are listed on the TSX Venture Exchange, are trading under the symbol "CZZ".

Going concern

Management of the Company believes that it has sufficient funds to pay its ongoing general and administrative expenses and to meet its liabilities, obligations and existing commitments for the ensuing twelve months as they fall due. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period. The Company's ability to continue future operations beyond June 30, 2021 and fund its exploration and evaluation expenditures is dependent on management's ability to secure additional financing in the future, which may be completed in a number of ways, including, but not limited to, the issuance of debt or equity instruments. Management will pursue such additional sources of financing when required, and while management has been successful in securing financing in the past, there can be no assurance it will be able to do so in the future or that these sources of funding or initiatives will be available for the Company or that they will be available on terms which are acceptable to the Company.

Covid-19

In March 2020, the COVID-19 outbreak was declared a pandemic and numerous measures were put in place by the federal, provincial and municipal governments to protect the public. During this period of uncertainty, the Company priority is to safeguard the health and safety of personnel and host communities, support and enforce government actions to slow the spread of COVID-19, and to continually assess and mitigate the risks to the business operations.

The Company has implemented a COVID-19 response plan that includes a number of measures to safeguard against the spread of the virus at its offices and sites. Although there have not been any impacts to the Company's operations, the Company cannot provide assurance that there will not be disruptions to its operations in the future. If the Company's operations are impacted or expected to be impacted, the Company will seek measures to preserve cash including suspension of discretionary spending and other legal means to reduce and minimize contractual spending.

2 Changes in accounting policies

IAS 1, Presentation of Financial Statements ("IAS 1") and IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors ("IAS 8")

On April 1, 2020, the Company adopted IAS 1, and IAS 8 which refine the definition of materiality and clarify its characteristics. The revised definition focuses on the idea that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general-purpose financial statements make on the basis of those financial statements. The adoption of IAS 1 and IAS 8 had no impact on the financial statements.

3 Basis of presentation

These interim condensed financial statements, approved by the Board of Directors on July 22, 2020, have been prepared in accordance with International Financial Reporting Standards ("IFRS") applicable to the preparation of interim financial statements, including IAS 34, "Interim Financial Reporting". These interim condensed financial statements as well as the related notes should be read in conjunction with the audited financial statements of the Company as at March 31, 2020.

4 Significant accounting policies

The significant accounting policies that have been applied in the preparation of these interim condensed financial statements are summarized in Note 3 of the Company's annual audited financial statements for the year ended March 31, 2020.

5 Exploration and evaluation assets

Meech Lake Matachewan Prospect

The Company owns a 100% interest in the Meech Lake Matachewan Prospect which consists of four (4) mining claims situated in the Argyle, McNeil and Robertson Townships, approximately 25 km Northwest of Matachewan, in Northeastern Ontario within the Abitibi Greenstone Belt. Following the MLAS claim to cell conversion process completed by Ontario's Ministry of Northern Development and Mines (MNDM), the four (4) original legacy claims covering 656 ha were converted to 41 cells (36 single cells and 5 boundary cells) covering an area of 831.51 ha.

Notes to Interim Condensed Financial Statements

June 30, 2020 and 2019 and March 31, 2020

(Unaudited - in Canadian dollars)

On March 7, 2020, the Company signed a mineral claim purchase agreement for the acquisition of a 100% interest in 142 mineral claims known as the Sprague and Odie prospects in consideration of 1,500,000 units. Each unit comprises one common share in the capital of the Company and one-half of one purchase common share warrant. The fair value of the shares was evaluated at \$90,000. Each whole warrant entitles the holder to acquire an additional common share in the capital of the Company at a price of \$0.10 until April 8, 2022. The fair value of the warrants was evaluated using the Black & Scholes valuation model at \$26,383.

The Sprague prospect is located directly adjacent to the northeast corner of the Meech Lake Matachewan prospect and the Odie prospect is located directly adjacent to the southwest corner of the Meech Lake Matachewan prospect.

Three (3) of the original mining claims are subject to a 3% NSR on metals or minerals (iron, titanium, vanadium, gold, silver, copper, zinc and any and all other minerals or elements) produced from the property. The Company shall be entitled to repurchase 0.5% of the NSR, leaving the vendor with a 2.5% NSR, by paying to the vendor \$1,000,000 and an additional 1%, leaving the vendor with a 1.5% NSR, by paying the vendor an additional \$3,000,000.

As part of a prospecting funding application, the Company signed, on September 13, 2016, a funding and royalty agreement with Ontario Exploration Corporation under which the Company granted a 0.5% NSR on its Meech Lake Prospect in consideration of \$10,000 in cash.

The royalty agreement has a buyback clause which provides that the Company can purchase one-half of the 0.5% royalty for a dollar value that increases over time, ranging from a purchase price of \$15,000 before the second anniversary of the date of the agreement to a purchase price of \$250,000 from the 11th anniversary of the agreement and beyond.

The following table presents a summary of exploration and evaluation assets:

To be issued	-	-	750,000	0.10

The fair value of the warrants to be issued was determined using the Black & Scholes valuation model based on the following assumptions:

	March 31, 2020
Price at issuance	\$0.06
Exercise price	\$0.10
Expected dividend	-
Expected volatility	138.4%
Risk-free interest rate	0.55%
Expected life	2 years
Fair value per warrant	\$0.035

The underlying expected volatility was determined by reference to historical data of the Company's shares over the expected life of the warrants. No special feature inherent to the warrants to be issued were incorporated into measurement of fair value.

An amount of \$26,383 was recognized in units to be issued as at March 31, 2020 in the statement of changes in equity and capitalized to the exploration and evaluation assets.
